

STATEMENT OF SUITABILITY

Investment Company "FINVEO" JSC Podgorica (hereinafter: the Company) requested from the Client or potential Client information on his education, profession, income, savings and knowledge and experience in the investment area that is relevant for the trading with the financial instruments or for using the services that Company offers. The assessment of the investment objectives of the Client or potential Client must include the period during which the Client intends to retain the investment, willingness to take risks, risk profile and purpose of the investment.

The Company has collected sufficient information about the Client to assess whether the transaction to be recommended or concluded during the provision of the service:

- 1) meets the investment objectives of the Client,
- 2) is adequate to the financial capacity of the Client in order for the Client to bear all associated investment risks in accordance with investment objectives,
- 3) is appropriate to the Client's ability to understand the risks associated with the transaction.

Based on the overall assessment, the Client is provided with the following Statement:

"The transactions that the Client plans to carry out are appropriate to his knowledge, experience, financial condition in the investment area that is relevant for the trading with the financial instruments or for using the services that the Company offers or are requested by the Client."
